“ *Momma,I can't even begin to express how much you meant to me and the impact you made on my life. You truly embraced me as a son long before I even knew that you would be my mother n law. Your love was always genuine, pure, and is everlasting. I will carry so many great memories of you in my heart forever. I miss your smile, your hugs and kisses, your cooking, our conversations about whatever, and your consideration of me at all times. You always put the needs of everyone else before your own. Even in your pain you still made sure I knew how much you loved me. I already miss your hugs and kisses so much. Rest well will our creator and I can't wait to embrace you again one day! Your son.*

“ Hey grandmal miss you and love you. I have so many memories to share but the best memory that can never be forgotten taken away is the love that you gave. You never went without saying the words â€œI love youâ€ which usually was followed by tears. You were such a water head... love you again!

“ Dearest Mommy.....I miss you so much. Thank you for loving me the way that you did. Thank you for making me strong and independent, just like you. I appreciate everything you ever taught me about being a daughter, a woman, a sister, a friend. Your heart was always open to love and give. I wish I had just one more day....one more chance to hear your voice, hold your hand, kiss your face...feel your love. My life is forever changed and a little lonelier without you. I know that I'll see you again, just not soon enough. It's hard to even believe that you are gone....I love you so much!!
