“ Grandpa,  
*I miss you so much. So many question I have will be left unanswered. Im so thirsty for information on you and my Grandmother... I feel so disconnected not knowing. Uncle Peter is not a part of our lives so I have no information to give to my kids other than the memories you left me with. I love you Grandpa and I wish I would have been mature enough to have given you more of my time. The kids miss you and you are with us always.*
