“ I just received word about Kay's passing. I skated with her at the Rollerdrome and the Playmor 2. She will be so missed. I know that all of you know what a wonderful person you had in Kay. She was a warm hearted sweet woman who will always be remembered. Trinity and Jada please take care of each other and love one another the way Kaye loved all of you.

“ Kay, I will never forget you and the time we spent together talking over the phone working on the Cockfield genealogy. I was anxiously looking forward to your visit and meeting you in June 2013 and taking you on a tour where our great grandfather, Robert C. Cockfield, sharecropped. I know that you are with me in Spirit as I continue our journey in locating the history of our ancestors. I love you Kay, and I am missing you. Your Cousin, Terrie

“ Kay we sat together to see our grandchild come into this world, it was a wonderful and crazy moment, but he and she made it through. I will always be grandma times two now, for you and me. He will never be forsaken !

Thank you for being so kind and sweet to my baby (we both know this joke, it was between you and I...tee hee). Rest for awhile in God's loving arms...til we meet again..

“ My sister

You will be truly missed. There are no words that can express the friendship shared, with caring, and protecting one another. I love you dearly, and do appreciate the time we did have together, from High School, to college, marriage with children, and knowing we were always there for one another. You guided me with patience, kindness, and knowledge to understand GOD prevails no matter what the situation, it is a lesson we understood. I feel I have been truly blessed to have such a sincere friend who always cared, and concerned yourself with me. I do send much love to the children and family, and I will see you in heaven.
