Kier Farmer Obituary

Kier Farmer was a loving mother to two sons, Kellen and Jordan Farmer; a brother, Russell Farmer and a host of other relatives and friends.

Her favorite color was purple, she loved candles and she enjoyed reading. She ran track in high school and was a sports fan when she was watching it with her sons.

Alex Rodriguez was her favorite baseball player and the Pittsburgh Steelers she would watch because they are her son Kellen's favorite team. On occasion, you could see her watching

tennis and golf. For those who knew her, she had a wonderful sense of humor. She could make you laugh hard enough to draw tears. She will be truly missed by her family and friends.
