Tribute Wall

TM

“ God gives long life on earth to those who contribute the most of their fellow human beings, and not to extend their sorrows in this life. Marjorie gave us a loving family that extended its reach to ours. She has finished her tasks and will now enjoy her rewards, but she has not left us. She will remain, in our hearts and minds, in the way that we treat others, and always just a short step away in that dimension that we call heaven.
