“ *Dear Baldwin Family,
I am so sorry to have read of the passing of Patricia. Although I did not know her personally I still wanted to express my condolences. One of the things that has helped me in the past to cope with the loss of my loved ones is what the Bible says at John 5:28,29 And Psalms 37:10,11,29. These scriptures really give hope for the future and I encourage your family to look up these scriptures. Again I am so sorry for your loss.*
